

EADI networks and combined resources are of the highest quality and these vital components can be placed at the disposal of researchers and students for a truly modest fee.

Colm Foy, Head of Publications at the OECD Development Centre

Join a leading network of European development research. Become a partner in a network of [150 renowned institutes and think-tanks](#) in Europe working on multidisciplinary development issues.

A spotlight on your research. Through our online database of development research, your research papers, policy briefs and opinion pieces as well as your research projects and calls reach key players in the field of development. Our dissemination efforts also include the [European Journal of Development research](#) (EJDR).

Contribute to the European debate on development. Join one of our [16 working groups](#) involving researchers and other stakeholders, or use your expertise to create your own working group and rally other EADI members around you to impact policy making in the EU and beyond. Becoming a premium member will also lead you to be actively involved in EU funded projects such as our ongoing FP7 funded project [EDC 2020 \(European Development Cooperation to 2020\)](#)
