September 18th, 2019 • 9:00 AM
VENUE: Aula Consiglio di Dipartimento
Conference Topic

The Centre for International Cooperation and Development of the University of Pavia and the Erasmus Mundus Joint Master’s Degree GLODEP are organizing a conference on:

The University of Pavia and the Sustainable Development Goals

Adopted by all the United Nation Member Stated in 2015, the 17 SDGs provides a shared blueprint for achieving a better and more sustainable future for all. The objective of this conference is to gather multidisciplinary experts of the University of Pavia to exchange scientific evidence around the challenges involved with the Sustainable Development Goals (SDGs) in developing countries where there is a growing urgency to strengthen sustainable development. The conference wants to provide intellectual guidance and scientific evidences to the challenges of SDGs in the areas of poverty, food security, health and well-being, education, gender, water and sanitation, energy, work and economic growth, industry, innovation and infrastructures, inequalities, cities and communities, responsible consumption and production, climate, life below water, land use, peace, justice and institutions, and partnership.
Venue

Conference: Aula Consiglio di Dipartimento, Dipartimento di Scienze Economiche e Aziendali
